PRODUCT INFORMATION SHEET

WOODPOL WOOD PRESERVATIVE

PRODUCT CODE : 41

WOODPOL WOOD PRESERVATIVE SPECIAL

PRODUCT CODE : 42

PRODUCTS DESCRIPTION:

Timber is a beautiful living building material and used in constructions and interiors for its combination of properties like light weight, good mechanical strength, natural appeal of colors & texture.

Though it is versatile, transportable, manoeuverable and constructable, it is highly vulnerable to decay due to microbial attack such as fungi & insects. If not protected well, wood will decayed or rotted and will lose its desirable properties like strength & structure. So they must be protected by coating which will resist growth of both fungi & insects and inhibit further infestation.

This microbial attack can be avoided by good quality of wood preservative like WOOD PRESERVATIVE. Oil based WOOD PRESERVATIVE has both fungicidal and insecticidal properties not only at initial stages of application, but also remain active for prolonged periods after application.

The excellent features of this products are

- | | |
|---|----------------------------|
| - Easy to apply | Product Code : 41 |
| - Safe | - Low toxicity |
| - Cost effectiveness | - Non-metallic |
| - High Penetration power | - Non-mercurial |
| - Wide activity spectrum | - Formaldehyde free |
| (antifungal, antibacterial & antialgal) | - Low evaporation capacity |
| | - Non-leachable. |

DIRECTION FOR USE:

Wood item to be coated must be dry and free of dust and loose particles. Apply liberally with brush, swab or spray on bare dry wood. Preservatives should be flooded rather than merely painted. Every check, depression and cut ends of the wood should be thoroughly flooded with preservative, since untreated wood left exposed provides ready access for further attack. Allow it to dry thoroughly before varnishing, polishing and painting.

TECHNICAL DATA:

- | | |
|--------------------------|---|
| 1 Product Description | Product Code : 41 |
| 2 Areas of applications | : Oil type. |
| | : Timber, Plywood, Veneer & Furniture where highest surface protection is needed against microbial & insect attack. |
| 3 Appearance | : Dark Brown liquid. |
| 4 Consistency | : Ready to use. |
| 5 Method of applications | : Brushing, Spraying, Dipping & Swabbing. |
| 6 Pack available | : 250 ml, 500 ml, 1 Ltr, 5 Ltrs, 20 ltrs. |
-

Key Features: Woodpol Wood Preservative Special (Product Code 42)

- Low odour.
- Colorless, allows natural wood color to show through.
- Provides a clear non-staining coating.
- Item treated with Woodpol Wood Preservative Special can be over-painted, varnished, polished or glued.
- Wide activity spectrum (antifungal, antibacterial & anti-algal)
- High penetration power with low evaporation capacity.
- * Will not cause swelling or distortion of wood.

STORAGE, HANDLING & DISPOSAL

- 1 Keep in original container in cool, dry & well ventilated place.
- 2 Keep out of the reach of children, food & animal.
- 3 Destroy the container after use. Never reuse.
- 4 Flammable, Keep away from fire.
- 5 Dispose in land filling and not in drain or water ways.

HEALTH & SAFETY INFORMATION

Although no chemical is entirely free from hazard, these products will present moderate to low risk to health provided that good standards of hygiene are observed in their storage & use.

- 1 Handle product in area of good ventilation. Avoid inhaling since product contains volatile organic solvents.
- 2 Avoid skin & eye contact. Use PVC or Poly chloroprene gloves and face shield.

FIRST AID

If ingested seek medical advice. In case of skin contact, wash with soap and water. If eyes are affected, flush with clean water.

WARRANTY

The information contained in this sheet is based on our experience and laboratory tests and true to the best of our knowledge. However no warranty, expressed or implied, arising out of the use of our product is given as we have no control over the quality of substrate used nor the application conditions and methods. Customers are advised to carry out their own test to judge the suitability of our products for the recommended applications. The information contained here in is subject to change without further notice.
